MBT TOKEN TERMS AND CONDITIONS

4.1 Nature of MBT Token

The Master Blaster Token (MBT) is a digital UTILITY token operating within the MBE ecosystem at masterblasterecosystem.com. MBT is designed for: staking rewards, DAO governance voting, Jackpot Pool participation, Membership Package discounts, and platform utility. **MBT is NOT a security, investment product, or financial instrument** under applicable financial regulations.

4.2 MBT Staking

- Members may stake MBT Tokens to earn rewards at the Annual Percentage Yield (APY) published on the Platform.
- Staking APY rates are indicative and subject to change based on platform parameters and total staked supply.
- Staked tokens are locked for the applicable period and may not be withdrawn before maturity except where MBE permits early withdrawal (which may incur an exit fee).
- Staking rewards are distributed in accordance with the schedule published at masterblasterecosystem.com.

4.3 MBT Purchase and Transfer

- MBT Tokens may be acquired through the MBE platform exchange or authorised external exchanges listed at masterblasterecosystem.com.
- MBE does not guarantee the availability of MBT on any external exchange or the liquidity at any point in time.
- Members are responsible for all transaction fees (gas fees, network fees) on external blockchain networks.

4.4 DAO Governance

MBT Token holders above specified thresholds may participate in DAO governance votes on Platform development decisions. Governance participation does not confer ownership rights in MBE or any right to distributions of profits. MBE reserves the right to implement or reject proposals where required by legal, regulatory, or operational considerations.

DIGITAL ASSET RISK WARNING — The value of MBT Tokens may fluctuate significantly and may fall to zero. Digital assets carry substantial risk including market volatility, regulatory uncertainty, smart contract vulnerabilities, and liquidity risk. Only stake or hold MBT Tokens with funds you can afford to lose entirely. MBE does not guarantee the value, utility, or continued availability of MBT Tokens.

AUTOPOOL COMMISSION AND REFERRAL SYSTEM

5.1 How AutoPool Works

The AutoPool system is a multi-level referral commission programme enabling Members to earn commissions based on the Membership Package activities of Members they have directly or indirectly referred, across up to five (5) levels. Commission rates and eligibility vary by Membership Package and are published at masterblasterecosystem.com.

5.2 Commission Eligibility

- Members must hold an active, paid Membership Package to earn AutoPool commissions.
- Commissions are earned only on qualifying Membership Package purchases or renewals by Members within the eligible referral structure.
- MBE reserves the right to withhold, reverse, or recalculate commissions where the underlying payment is reversed, fraudulent, or in breach of these Terms.
- Commission earnings are credited to your Account and may be withdrawn subject to minimum thresholds and verification requirements.

5.3 Prohibited Referral Practices

- Self-referral — registering additional accounts in your own name or fictitious identities to generate commissions — is strictly prohibited.
- Purchasing Membership Packages on behalf of others without their genuine knowledge and consent for commission purposes is prohibited.
- Providing false income representations, fabricated testimonials, or misleading earnings claims in recruiting activities is strictly prohibited.
- Spamming, mass unsolicited messaging, or any form of harassing recruiting behaviour is prohibited.

INCOME DISCLAIMER — IMPORTANT

AutoPool commission earnings are not guaranteed and vary significantly between Members. Commission income depends entirely on your activity and your network's activity. The majority of Members earn modest commissions. Extraordinary results shown in promotional materials represent exceptional cases, not typical outcomes. You must never represent MBE earnings as guaranteed, fixed, or risk-free to any prospect.

5.4 Tax Obligations

Members are solely responsible for all tax obligations arising from AutoPool commissions in their jurisdiction. MBE does not provide tax advice and does not withhold taxes except where required by law. Consult a qualified tax professional.

TRADING SIGNALS AND EDUCATIONAL CONTENT

6.1 Nature of Trading Signals

Trading Signals provided by MBE are generated by MBE's analysis team and third-party signal providers for **educational and informational purposes only**. Signals represent market analysis opinions and do not constitute personalised financial advice, investment recommendations, or solicitation to buy or sell any financial instrument.

6.2 No Financial Advice

MBE is not a licensed financial adviser. No platform content constitutes regulated financial advice. Members must exercise independent judgment and consult a qualified, regulated financial adviser before making any investment decision. Access signals and education at masterblasterecosystem.com.

TRADING RISK WARNING — Trading in Forex, cryptocurrencies, equities, and other financial instruments involves substantial risk of loss, including potential loss of your entire capital. Past signal performance does not indicate or guarantee future results. Leveraged trading can result in losses exceeding your initial investment. MBE accepts no liability for any losses incurred from acting on Signals.

6.3 Content Accuracy

While MBE endeavours to provide accurate and timely content, MBE does not warrant the accuracy, completeness, or timeliness of any Content. Market conditions change rapidly. MBE shall not be liable for any error, omission, or outdated information in Content.

If informal resolution is unsuccessful, either party may request non-binding mediation through an agreed independent mediator. Mediation costs shall be shared equally unless the mediator determines otherwise.

12.3 Arbitration

Any dispute not resolved through mediation shall be finally resolved by binding arbitration under internationally recognised arbitration rules. Each party shall bear its own legal costs unless the arbitrator determines otherwise.
